EXECUTIVE SUMMARY:

There are three (3) Parks & Recreation Commissioners with terms expiring April 1, 2005. Staff solicited applications to fill these vacancies via the Morgan Hill Times, the Government Access Channel 17, and City Visions. The Parks & Recreation Commissioners whose terms were due to expire were invited to submit an application for reappointment. Through these efforts, the City received five applications from citizens interested in serving on the Parks & Recreation Commission: 1) Jim Green, 2) Laura Hagiperos, 3) Katharine L. Hardt-Mason, 4) John Reese, and 5) Craig van Keulen. The applications for these five individuals are attached for Council reference.

Staff recommends that the Council interview the five applicants and that the Council appoints three applicants to serve two year terms; terms expiring April 1, 2007.

FISCAL IMPACT: The time necessary to prepare this staff report has been incorporated in the Council Services & Records Management budget.

City Council Members
City of Morgan Hill
17555 Peak Avenue
Morgan Hill, CA 95037

Distinguished City Council Members:

Please accept the attached resume as my enthusiastic application for the Parks and Recreation Commission. It has been my honor to serve on this commission since 1999, and be apart of the work to bring the city's vision of Morgan Hill into a reality. Yet, there is much work left to be done. It is my hope that we continue on this progressive road to facility construction and operation, while maintain our commitment to preservation and open space. I am confident that we, as a city, will be able to meet the goals and objectives as articulated in the Parks Facilities and Recreation Programming Master Plan. I support that we should be steadfast in our development of a fiscally sound operational model so that our program would remain strong during economic short falls. I so respect the personnel that you have placed at the helm of the Community Services Department and the Public Works Department and would welcome the opportunity to continue to work with them to achieve these goals.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Laura Hagiperos', with a long horizontal flourish extending to the right.

1. *Resume attached*
2. *This is the only citizen advisory commission that I have served on.*
3. *I would like to continue to be an advocate of municipal recreation and continue to work toward the development of facilities and programs that will benefit this constituency and be a model for other cities to follow.*
4. *Municipal recreation is an important branch of our city's responsibility to uphold the quality of life in Morgan Hill. Municipal recreation builds stronger communities through programs that target a variety of needs through out our diverse community. Municipal recreation impacts our community on all sides from socioeconomic to preservation. The program, facilities and staff reflect the soul of the community.*
5. *I would like to see the commission continue to play an integral part in the planning and development of recreation and community services facilities. I support the Council's direction to develop a 'work plan' to help this body take better aim at setting and meeting administrative goals and objectives. I believe one of those objectives should be an analysis and review of our Parks, facilities and Recreation Programming Master plan. This is the "blue print," adopted in 2001 to direct our steps as we build facilities and develop programs to meet the growing and changing needs of this community. We are on the road to achieving much of what we planned for in this document. Based on what we have been able to achieve thus far, we can improve upon our methods to finish the job.*

6. I have kept apprized of the many new facility projects because of my involvement in the PRC. However, I am also a consumer of this community and have enjoyed the many benefits that the new Softball fields, Aquatic Center , Community Center and the Community Theater have brought to Morgan Hill. As a community we are very proud of these facilities and how well they reflect the spirit of Morgan Hill.

QUESTIONNAIRE

(please attach additional sheets, as necessary)

1. Please attach a resume or briefly describe your background, qualifications and skills which you can contribute to this commission.

Please see my attached professional resume (this is what is used by my law firm in our marketing materials). Please let me know if you would like my resume which details my employment history. In addition to the information contained therein, please note that I spent approximately 1½ years working for a Congressman in Washington DC as a legislative assistant, approximately 6 months working for the Washington State Senate Services Committee on Natural Resources issues, and 4 months working for the Prosecutor's Office in Olympia, Washington, prosecuting environmental related claims. Although I have not been involved with government affairs in several years, I really enjoyed my work in the government sector and look forward to the opportunity to work with the City of Morgan Hill representatives and the community.

2. Have you served on other citizen advisory commissions or committees? If so, please list and briefly explain the purpose of each committee.

No.

3. Please describe why you would like to serve on this commission.

Based on what I have seen, it appears that Morgan Hill is trying to distinguish itself from other small communities in the south bay area by growing in a planned and organized

manner which addresses the community impacts each project or development might have. I believe that part of such planning should always include the recreational benefits that such a project or development could bring. I am also interested in seeing Morgan Hill continue to distinguish itself as a "family recreational destination" city. The soccer fields and the Aquatics Center are a true benefit to the city's residents and bring families from all over the region to the City for enjoyable gatherings. While shopping and large organized events can do the same thing, I don't believe such activities speak to the character of Morgan Hill and its residents.

4. Why is municipal recreation services important to you?

As the mother of 7½ month old twins, I have come to better appreciate the recreational services the City offers. Although there are a number of private recreational facilities in Morgan Hill that promote the health of the individual, the municipal recreational services seem to promote the health of the individual within the community. I look forward to raising my children in a healthy, family and community environment.

5. If appointed, what direction would you like to see the Recreation Division take?

As mentioned above, I would like to see the City continue to focus on becoming a destination recreational community geared towards family gatherings and events. Additionally, I believe it is in the City's best interest to continue working toward development of the downtown. To this end, I believe it is worth looking into creating some sort of park or outdoor venue in the downtown area to bring families to the downtown for recreation and events and then shopping/meals. Finally, over the years there appears to have been a movement towards integration of neighborhoods through paths and parks. This type of development promotes shared interest in keeping all neighborhoods clean and safe. I would like to see the City continue moving in this direction.

6. How have you kept apprized of the many new public facility projects the Parks and Recreation Commission is working on?

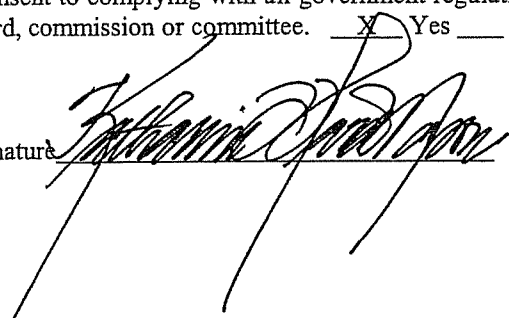

Primarily through the newspapers and the City's newsletters.

I consent to the release of information contained in this application to interested parties: X Yes No.

I acknowledge that I will be subject to the City's Conflict of Interest Code and that I will be subject to filing statements of economic interests with the City of Morgan Hill. X Yes No.

I consent to complying with all government regulations should I be appointed to serve on a City Council appointed board, commission or committee. X Yes No.
